Orders have been sent out recently from Moscow to communist leaders: throughout the world calling for a message of world peace, of cooperation between all people: and all groups, and of brotherhood among all races, creeds and colors. The message is so beautiful in its idealism that the germs of subversion are almost completely hidden. Even Christian leaders have sometimes failed to recognize the dangers glorified in plans for social welfare.

Collectivism is detected when Collectivism is detected when more government intervention is collectivism is detected when more government intervention is called for, or when the cry is to subsidize this or that group, to control production, or to increase the distribution of cheap money.

DIE OF CANCER EACH YEAR . . One-Third of These Could Be Saved!

This year cancer will take a toll of more than 3,000 lives in Alabama, more than 235,000 in America. One-third of those who are lost could be saved by seeing their doctors in time for effective

Men and women should have regular physical examinations at least once a year, and twice a year after reaching 45. Everyone should learn and be alert to cancer's seven danger signals:

CANCER'S 7 DANGER SIGNALS 1. Any sore that does not heal.

2. A lump or thickening in the breast or elsewhere. 3. Unusual bleeding or discharge. 4. Any change in a wart or mole.

5. Persistent indigestion or difficulty in swallowsses. 6. Persistent hoarseness or cough. 7. Any change in normal bowel habits.

None of these symptoms necessarily means you have cancer, but any one of them should send you to your doctor.
